As an IB student you will be issued with a personal account, allowing you to access the internet for study purposes whilst on the school grounds. In exchange for the password to your account we require that you agree to abide by the Acceptable Usage Protocols as follows.

- The school internet is for genuine curriculum and educational activities. Use of unauthorised programs and intentionally downloading unauthorised software, graphics or music that is not associated with learning, is not permitted.
- You must not use the internet to access or send content such as emails, that contain common swear words, or that is violent, racist, sexist, pornographic, malicious, harassing, bullying, offensive, or illegal in any way.
- You must not download streaming audio or video from the internet unless you have been given specific permission to do so by a staff member or a member of the IT staff.
- You must not access any file-sharing websites (such as torrents) to download material from the internet, such as music, videos, games or applications, unless you have been given specific permission to do so by a staff member or a member of the IT staff.
- You should be aware that all your access to the Internet, including the sites you visit, any material you download, and attempts to access blocked sites or to send inappropriate emails are recorded in logs that are monitored by our IT support and/or teaching staff.

## Student Agreement:

I will ensure that use of the internet and communication through internet is related to educational or learning purposes only.

I will keep passwords confidential, and change them when prompted, or when known by another user. I will never allow other students to use my personal account and ensure I log off at the end of each session to ensure that nobody else can use my account.

I understand that my account may be viewed by teaching, admin staff and IT Support Staff.

I agree to abide by the acceptable usage protocols for IB students, outlined above.

I understand that if I am given a personal online account and break any of the rules in the agreement; it may result in disciplinary action, determined by the Principal in accordance with the school's *Behaviour Management Policy*.
